

# Alphabet Book Project

**Photography Assignment:** With a group of no more than three, you will find and photograph at least 5 examples your assigned letter in the alphabet from around campus. Try to get as much variety as you can. Then take 5 pictures of something that starts with that letter. Have another group take one picture of your group.

**You must return at least 15 minutes before the bell to upload your pictures.**

**You will lose 5 points if you are late.**

Create a folder in Google Drive called 'Alphabet Book' and upload all of your pictures. Be sure to do this each day, if you take multiple days to shoot pictures.

**Book Assignment:** You will then use iBooks Author on the iMac or the Book Creator App on the iPad to create a eBook for your letter.

Your ebook will have a cover page, a title page, 5 pages for your letters and a final page with your picture and information about the author - you.

Upload your book as a PDF to the assignment in Google Classroom.
